E. ACADEMIC COMPONENT - ASSIGNMENTS AND SIGNATURES

To further enhance the experiential learning of the internship by connecting it to a student's academic goals and interests, INT 200 has an academic component designed in collaboration with a faculty supervisor.

INT 200 students must secure an on-campus faculty supervisor to assign, supervise, and approve the proposed academic component of the internship. The faculty supervisor must be a full-time faculty member on campus. Students are expected to meet with their faculty supervisor at least five (5) times over the course of the semester (or summer session) and spend at least 30 hours during the term working on the academic project in addition to the required internship minimum of 80 hours per semester.

Students must submit a proposal for the academic component to the HCC along with their INT 200 Student Learning Agreement. The proposal for the academic component must include:

- a. Brief description of the academic project, explaining its relationship with the intern component

- b. Description of work already completed in the field and/or previous experience

- c. Proposed plan/method of research or specific education goals for this project

- d. Detailed reading list. List specific books, articles, films, etc.

- e. Schedule of student/faculty meetings as part of this academic component

- f. Detailed list of assignments or projects to be evaluated for the grade

- g. Explanation of how final grade will be evaluated

Faculty Supervisor

The spaces above indicate what assignments, projects, or scope of learning you will add to the student's internship experience (e.g., journals, small-scaled research, weekly or bi-weekly meetings, etc.) The general objectives of the meetings are to clarify goals and activities, to make a general assessment of work done and to make a mid-point and final evaluation. If distance makes it impossible for on-site meetings, phone calls or emails may be substituted for on-site meetings. Faculty supervisor must be a full-time faculty member at Occidental. If the faculty supervisor is an adjunct instructor, faculty must receive approval from Department Chair.

I concur with the stipulations of this agreement. I further agree to be available to meet with the student to discuss the internship experience, to evaluate the student's learning and when appropriate, and to converse with the internship supervisor. I have reviewed the Primary Learning Objectives with the student.
